**Fund Description**

In prior years, the General Fund accounted for the City's court building security fees. In order to more accurately account for these funds, in FY 2006-07, the City created the Municipal Court Building Security Fee fund. These fees are generated from court fines. By law, these funds can only be spent on the City's municipal court.

The Hotel Occupancy Tax Fund accounts for revenues received from hotel occupancy taxes. By state statute, cities with populations of less than 125,000 must spend at least 1% of hotel tax revenues on advertising, no more than 15% on the encouragement, promotion, improvement, and application of the arts and a maximum of 50% on historical preservation. Hotels submit quarterly to the City an occupancy tax based upon 7% of total room receipts. Compliance with the provisions of the state statutes is monitored by the City administration on a continuing basis.

Automated red light photo enforcement cameras were setup during FY 2008. Four intersections were selected for this initiative with a goal of reducing the number of injury accidents caused by "red light running". By law, the use of the revenues is limited to traffic safety programs, including pedestrian safety programs, public safety programs, intersection improvements, and traffic enforcement.
