## Don't Dig Information

Before breaking ground in streets, alleys, or easements, it's crucial to reach out to 800-DIG-TESS (344-8377) or 811. Our utilities team will promptly dispatch a serviceperson to mark underground lines using stakes, flags, or spray paint. To ensure a smooth process, please make this request at least 48 hours in advance. This service comes at no charge, ensuring your safety and preventing potential disruptions

## Notice to City of Tomball Gas Customers

The City of Tomball is responsible for managing and maintaining the gas system within the city limits. If you suspect a gas leak, please contact the City of Tomball immediately at 281-290-1400. For issues that occur outside regular office hours, including nights, weekends, and holidays, please reach out to 281-351-5451.

# Take precautions to keep your pipes FOG free.

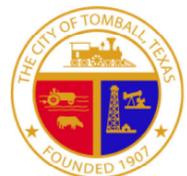

Beware of rising grease monsters known as 'FOG' (Fats, Oils, and Grease) targeting pipes. Take precautions to avoid encountering these underground pipe menaces.

## Cease the Grease (FOG)

- Don't pour oil and grease down the drain.
- Soak up oil with paper towels and throw in garbage.
- Dispose of cold FOG in a covered container in garbage.
- Use sink strainers to stop food particles from clogging pipes.

**Catch the FOG**

Dispose of fats, oils, and grease in the trash to comply with Tomball City Ordinance (Section 46), "no person may discharge into public sewers any substance that may deposit grease or oil in the sewer lines... avoiding costly sewer overflows.

Visit [www.tomballtx.gov](http://www.tomballtx.gov) for information.
