RESIDENT NOTICE

Date: March 11, 2026

Reference: Capital Improvement Project Number 2025-10018 North Star Estates Erosion Repairs – Bearing Star Lane

Dear Resident,

This letter is to provide notice about upcoming construction activities related to the North Star Estates Erosion Repairs – Bearing Star Lane. As part of the efforts to enhance our drainage infrastructure, the City of Tomball will begin construction of the project beginning on March 23, 2026.

Project Overview:

Construction of drainage improvements for North Star Estates Erosion Repairs near Bearing Star Lane.

Construction Timeline:

Construction will begin no earlier than March 23, 2026; and will take place over the next 90 days with an estimated completion in Summer 2026. Construction will generally occur between the hours of 7:00 a.m. and 5:00 p.m., Monday through Friday, though occasional work may take place on weekends depending on project needs. We will strive to keep disruptions to a minimum and will provide information to residents if there are any changes.

While we do not anticipate significant disruptions to residents, there may be periods of increased noise and activity during construction. Please understand there will be inconveniences during construction, including dust, noise, temporary road blockages and temporary disruptions of services, but the City and our contractor, The Winstead House LLC (DBA iDigKaty), will do everything in our power to ensure your daily schedules are not interrupted. Your patience and cooperation are greatly appreciated during this time.

If you need assistance during this time, please feel free to contact myself or any of our project staff.

Meagan Mageo Project Manager (281) 290-1411 mmageo@tomballtx.gov	Andrew Clark Construction Manager (281) 290-1414 aclark@tomballtx.gov
